Customer Satisfaction

With the foregoing descriptions we have made every effort to not over-describe our offerings. Our continued success depends upon our Dahlias making good. If your dealings with us are not satisfactory, we want to know it. We solicit constructive criticism.

We invite you to visit us at any season, but especially at blooming time, that you may see a wealth of new things—our own new Dahlias, and the promising new ones of other growers, which have been entrusted to us for introduction.

Having been asked so many times, "Where do you get your seeds?" and "Where can I buy seeds like that?" we offer for sale a few seeds—a limited supply only.

Dahlia Seeds at best, the very best, are always a chance. From twenty-five seeds you might get a real Gold Medal winner, and from a thousand seeds, nothing worth while. The best we can do is to give you the best to be had—there are none better.

We know of no greater sport than to watch these seedlings burst forth for the first time, and to know when we do get a new one that is worth while, there is none other like it.

Please notify us at once, if anything is unsatisfactory when received, or if plants or roots do not grow after planted a reasonable length of time. This guarantee does not go beyond replacing the variety.

SUBSTITUTIONS—We make no substitutions without your permission, but suggest you name a second choice.

NAME AND ADDRESS—Be sure to write name and address plainly.

GREEN PLANTS—We recommend the planting of green plants. For exhibition blooms, they are unequaled.

Do not be discouraged if a Dahlia from a different locality does not do well for you the first season. Try it again as many varieties need to be acclimated.

We specialize in gathering together worth-while new Dahlia originations. If you do not see the variety listed that you want, write us; we grow many Dahlias not listed here.
